

# THE STOCKWOOD PARK ACADEMY

The Stockwood Park Academy offers families a first class local school, with a focus on **strong academic outcomes** alongside a rich offer of character building opportunities. It is a place where diversity of experience and background is valued, **where all students can flourish and grow**, whatever their interest or aspiration.

***Our vision "to strive for excellence and contribute to society" is underpinned by 3 core values: excellence, responsibility and compassion.***

Our curriculum is designed to promote intellectually young people, with the confidence to take their place in whatever field they choose. We believe in aiming high, with challenge and support, **to ensure that dreams become reality.**

Our passion for learning, however, extends well beyond academic life. Embedded in this is a focus on spiritual, moral, social and cultural aspects which enable students to reflect on their learning and wider issues around them. Students have the opportunity to become involved with community projects. **We are known for our exceptionally strong relationships** between staff and students which allow for individual talents to be nurtured and developed. Our pastoral system ensures every student is known as an individual and receives the support they need, which include a bespoke induction programme for Year 7 students.

**Our facilities are superb** with a school gym, contemplation room, extensive IT facilities, 3D printers and large, expansive playing fields. We also have a purpose built Sixth Form centre which supports students across The Shared Learning Trust.

**All of our students are expected to work hard and behave in an exemplary fashion.**

This is achieved through clear expectations and a comprehensive rewards system that encourage students to do well and ensures they feel safe and able to meet the challenges set.

Ultimately, what makes The Stockwood Park Academy special is not the buildings or facilities but our **can-do attitude** and our **commitment** to always putting our students above anything else.

COMPASSION

RESPONSIBILITY

EXCELLENCE

## CURRICULUM

At Stockwood Park we provide a truly comprehensive broad and balanced curriculum. Our curriculum is designed to be accessible and ambitious for all pupils.

Through a well-planned and sequenced curriculum, we provide opportunities for students to learn, taste success and demonstrate excellence. Our curriculum gives each student the chance to achieve their own individual excellence, including academic outcomes, that support future learning and further destinations.

Our curriculum is complimented with opportunities for all pupils to develop a high level of literacy and numeracy required for success in the wider curriculum and in adult life.

Furthermore, our Personal Development curriculum provides a range of experiences to develop the whole child by exploring spiritual, moral, social and cultural responsibility, ensuring that our students leave Stockwood Park able to thrive in their own lives while contributing to society.

## PASTORAL & WELLBEING

At Stockwood Park Academy, we take great pride in our unwavering commitment to providing exceptional pastoral care to our students. We understand that a nurturing and supportive environment is essential for the holistic development of young minds.

Our dedicated pastoral care team consists of experienced and compassionate professionals who are devoted to ensuring that every student feels safe, valued and empowered to thrive.

One of the cornerstones of our pastoral care program is the creation of a sense of belonging within our school community. We believe that when students feel a strong connection to their school, they are more likely to engage actively in their education and develop a sense of pride in their achievements. Our pastoral care team works tirelessly to build positive relationships with students, offering a listening ear, guidance, and encouragement.

We also organise various mentorship programs, peer support initiatives, and community building activities to foster a sense of unity and camaraderie among our students.

This approach not only promotes academic success but also equips our students with valuable life skills, such as effective communication, conflict resolution, and resilience, which they can carry with them into their future endeavours.
